The 1983 EAGLE was created for the students at Sullivan High School in order to preserve and recapture this golden year. The book is a treasure of the many different faces that make up the SHS student body. As a photo diary of the many events and the academic curriculum that are a part of SHS, you will be able to remember your achievements, successes, disappointments, friends, and pleasures.

MRS. DAM HAGAN

an unequaled teacher and friend

Because in her six years of teaching at SHS she has made a lasting impression on each student who has had the honor of learning under her guidance.

Because no matter how busy or rushed she is, she always has time to answer a question or help a student with a problem.

Because to her, students are people.

Because she has the rare quality that enables her to stimulate the minds of her students so that they want to learn.

Because she's human, like her students —

Because of these qualities — the students say "Thank you" with this dedication!

STAFF AND CURRICULUM

help students grow

SHS has special educators who teach and help students through the required and advanced classes offered at SHS. Students have a variety of classes from which to choose when making a schedule. Students' schedules should prepare them for the future, whether a student decides to attend college or get a job. The Math and Science Departments have added the new classes Computer Literacy and Computer Programming. The Social Science Department has added the classes Introduction to Social Sciences and American Studies.

Our counselors are always busy helping students prepare for the future, while our secretaries are always busy helping students with the problems of today.

The staff and curriculum at SHS work hand in hand and create an atmosphere of learning.

PEOPLE and pride at shs

Through the halls of SHS new and frightened faces were seen during the first few days of school. These faces became more familiar as the days rolled by and freshmen were less apt to lose their way.

This was an exciting year. Freshmen will always remember the Icebreaker dance. Sophomores will remember getting their driver's license. Juniors will recall the prom. The Senior Class will always remember the senior trip and graduation.

Different students with unique personalities are the reason pride and excitement filled the school halls. The freshmen, sophomores, juniors, and seniors were the people, and these people created the pride at SHS.

ATHLETES

for all-american sports

Sullivan High School is filled with talented athletes. Students of all ages participate in the sports program. The Sullivan coaches are the epitome of experienced leaders. Working as one, the athletes, students, and coaches create excellence in all aspects of SHS sports.

The number of winning teams and athletes at SHS is incredible. Sullivan's accomplishments include two All-Conference running backs, an All-Conference center, a 42-point guard, a free-throwing sophomore, a District golf champ, and an outstanding left-handed pitcher. The list of greats is infinite.

Senior Mike Wood, who played an outstanding game in the first round of the State playoffs, scored 9 points against the opposing team, Maplewood.

Shannon Johanning scored 11 points against the Waynesville defense, and the Eagles finished the game one-point victors.

John Carrier gained experience and ability this year, and he will be a returning member of the promising Eagle team of 1984.

The 1983 Eagles were a team of experienced and conditioned basketball players. Seniors Phil Coppage, Shannon Johanning, Kevin Juergens, Chris Lowery, and Mike Wood lead the Eagles to a fourth consecutive District Championship. The junior members of the basketball team were Eric Bacon, John Carrier, John Hamer, Grant Stack, and Darren Waldo. Chad Johnson, a sophomore, was also a member of the team.

Coach Marshall Schaefferkoetter trained many of the players four years and produced a basketball team the people of Sullivan were exceedingly proud to have.

After a long season of tough competition, the Eagles' final record was 23 wins and 6 losses.

When the team was down, Chris Lowery hustled and produced badly needed field goals and rebounds for the Eagles.

Kevin Juergens exhibited his ability to perform well under pressure by scoring 28 points against the talented Washington Blue Jays.

During his fourth and final year on the varsity basketball team, Phil Coppage scored an amazing 467 points.

Before a home game, the Booster Club recognized the parents of each Eagle player.

The Lady Eagles basketball team, while lacking some experience, strove on with an immesurable amount of pride. With Debbie Waugh taking over as head coach, the Lady Eagles became a team that played good pressure defense with a never-say-die attitude. The Eagles closed their season with a 15-11 record. With only one senior, Laurie Gann, the team looks forward to next season with several returning players.

Laurie Gann lead this year's team in scoring, highest free throw percentage, and most assists. She also left holding the record of most points scored in a single girls' game - 42.

extra-curricular activities in -

STUDENT LIFE

keep shs students busy

Students at SHS participate in many clubs and activities outside of the class room. Students exhibit leadership, work hard, and have a lot of fun. Extra time and effort are spent demonstrating school spirit, achieving awards, and gaining satisfaction.

This section recaptures the highlights of the year of these clubs and activities: the Icebreaker and Homecoming events organized by Student Council, the fall play and spring musical productions of the Drama and Music Departments, the Barnwarming dance sponsored by FFA, the initiation of our outstanding students into National Honor Society, and the performances by band and choir.

Students are quick to become involved in extra-curricular activities. They work hard and achieve high goals for a job well done.

SANDI BOLES

our friend

Sandi was always a very happy person and had a smile on her face wherever she went.

Sandi was the freshman Football Homecoming attendant of 1981-1982. She was involved in band and volleyball. She also ranked first scholastically in her class at the end of her freshman year.

Friends, family, and church were of great importance to her. She needed each of these as much as they needed her.

It was a pleasure to be with Sandi. She was there when encouragement was needed and made sure no one was left out. Sandi put others before herself.

Sandi will be in our thoughts and minds forever. We love you, Sandi.
